Dr. Michael Miller has served the Athletic Training profession and has shown incredible versatility through the settings he has worked in. Prior to his extensive experience as a professor and instructor, Michael also provided remarkable healthcare to patients in the settings of secondary school, collegiate, and various sporting events requiring Athletic Training services. Dr. Miller has also volunteered in various capacities for both Athletic Training and Strength and Conditioning professions: BOC Home Study Reviewer (2001-2003), CAATE Site Reviewer (2002-2011), BOC Task Force on Continuing Education (2002-2006), MATS Professional Education Committee Member (2002-2008), MATS Strength & Conditioning Subcommittee Chair (2005-2007), NATA 2011 Convention Program Committee (2020-2011), NATA Liaison for the NSCA (2013-current), NATA Executive Committee on Education committee member (2014-present), and Athletic Training Education Conference committee member (2015-present). Colleagues have described Michael as “humble, dedicated to the Athletic Training profession, and forward-thinking.”
